

**Froedtert
Kenosha Hospital**

**Froedtert
Pleasant Prairie
Hospital**

Froedtert South utilizes three external laboratories to test collected specimens for potentially positive cases of COVID-19. The prices for these tests can range from \$73.30 to \$191.36, dependent on the lab to which a test is sent. This is decided based on certain clinical criteria laid out by the Centers for Medicare & Medicaid Services (CMS), and is not decided based on patient preference. In addition, please know that under guidance from CMS, there will be no patient responsibility for COVID-19 testing.
